

Designing and Editing Badge

- Click on “Libraries” in CMS
- Click on “Badges & Passes”
- Click on “Add a new badge”

- Fill out fields as required.

(Note: A preview of the badge will display update as you design/edit the badge (Profile picture, job title and company will however not update on the preview)

A screenshot of the badge design interface. The interface is divided into several sections:
1. **Badge Name**: A section with a subtitle 'This is for your reference only and will not display on the badge'. It contains a text input field labeled 'Badge name' with the placeholder text 'Give your badge a name'.
2. **Header**: A section with a large image placeholder labeled 'Header image' and a circular color picker labeled 'Badge header colour'.
3. **Display Options**: A section with four toggle switches: 'Event Logo' (checked), 'Profile Image' (checked), 'Job title' (checked), and 'Company' (checked). There is also an unchecked 'Custom Label' toggle.
4. **Groups**: A section with a subtitle 'People groups determine who this badge is applied to. If a person is 'matched' with multiple badges, the priority of the badge decides which one is displayed.' and a text input field labeled 'Select groups'.
5. **Preview**: A live preview of the badge on the right side. It shows the 'crowdcomms.' logo, a profile picture of a man, the name 'Lubomir Dvorak', the title 'Commercial Director', the company 'CrowdComms Ltd.', and a QR code.
6. **Create Button**: A purple button labeled 'Create' at the bottom right.

1. Badge Name (This can be anything and will only be shown in the list in CMS)
2. The header can be either an image or a colour
3. Select what you would like displayed on the badge; Event Logo, Profile Image, Job title and

Company (Note; the Event Logo displays over the header)

4. If you would like a custom label on your badge, then turn the custom label toggle ON. You will then be able to type in the custom label and the background/text colour of the label
5. Select which group the badge is shown to (People groups determine who this badge is applied to. If a person is 'matched' with multiple badges, the priority of the badge decides which one is displayed.)
6. Click “Create” to create and save the badge.

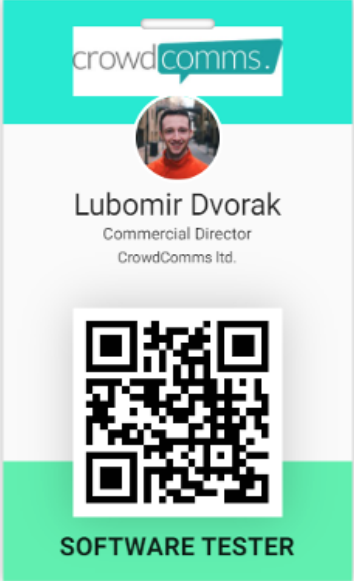

Badge Name

This is for your reference only and will not display on the badge

Text colour

The preview shows a badge with a teal header containing the 'crowdcomms.' logo. Below the header is a circular profile image of a man, followed by the name 'Lubomir Dvorak', his title 'Commercial Director', and company 'CrowdComms Ltd.'. A QR code is positioned below the text. The bottom of the badge is a green bar with the text 'SOFTWARE TESTER'.

Create

- You can then find your newly created badge in the “Badges/Passes” list (Note: In the list you can search for badges, reorganise the badges by clicking and dragging them in the list and you can also delete badges from the list)
