

Live Polls: Video Tutorial

Live polling is best set up in advance of your event, as there are a variety of ways you can approach running them and they will require a CMS user to cue the appropriate question at the right time.

This section includes three training videos:

1. Introduction to the live poll module
2. Different setup options for showing polls in the agenda, direct linked, and multi-track polling + Customising the live poll display
3. Managing live polls at your live event

Introduction to the live poll module

Setup options and customising the live display

Managing live polling at your event
