

Managing Live Streaming

What's Covered

- Live stream options
- Setting up your live stream & testing
- Bulk downloading stream keys
- Important for AV / Production partners: [Configure Broadcast Software](#)

Further Reading

- [CrowdComms Managed Live Stream Service](#)
- [Managing live polling](#)
- [Managing Q&A](#)

Live Stream Options

Setting Up Your Live Stream & Testing

Bulk Download Stream Keys

Once you have linked all the live streams to your agenda sessions, you can bulk export the stream keys along with Q&A and Live Polling links.

1. Login to admin dashboard
2. Go to modules
3. Select the relevant agenda
4. Select Import/Export tab along the top
5. Select Master Export
6. Repeat these steps if you have multiple agenda's

crowdcomms

Return to legacy dashboard
Don't worry, you can always come back

All SessionsFiltersImport/ExportList SettingsSettings

Export Agenda

Export a spreadsheet of all sessions or favoured sessions from this agenda module

Export agendaExport favoured sessionsMaster export

Import Agenda

Import sessions from a spreadsheet into this module

Please note, fields that are linked to data from other apps (such as documents and people groups) will need to be amended

Example templateImport agenda

Please note: When amending the allowed people & groups fields, users that have favoured the session but are not in the privacy list will have the session permanently removed from their schedule.

Import & Export Filters

Import filters from another CrowdComms app, or export them for use in another app

Export filtersImport filtersExample template
